1. Introduction

1.1 Background

Australia Awards – Africa (the Program) is an Australian Government funded initiative through the Department of Foreign Affairs and Trade (DFAT) designed to equip Africans with the skills and knowledge necessary to contribute to sustainable economic and social development outcomes in their own countries; and to build long-term, sustainable links with Australia.

Australia Awards – Africa provides a mix of scholarships and short courses to African people from eligible African countries in the public, civil society and private sectors and within targeted disciplines that support the home countries’ developmental priorities.

Australia Awards – Africa is managed by Palladium on behalf of DFAT.

In 2018 the Program will pilot Phase 2 of Post-Doctoral (Post-Doc) Fellowships to Africans in partnership with the Australia Africa Universities Network (AAUN). A full evaluation of Phases 1 and 2 will inform a recommendation for the Minister of Foreign Affairs and Trade to consider offering post-docs as an ongoing award component in the Australia Awards-Africa program, to eligible countries from 2020.

1.2 Objectives

The Pilot Post-Doc Fellowship program seeks to:

- develop on-going educational, research and professional linkages between individuals and universities that are members of the AAUN, in Australia and Ghana, Kenya or South Africa.
- provide opportunities for high achieving academics to improve their research skills and contribute to development outcomes in Africa.
- contribute to Australia’s position as a high quality education and training provider and a leader in research and innovation.
- contribute to the research capacity of Ghanaian, Kenyan and South African tertiary institutions.
- contribute to public and economic diplomacy efforts.

1.3 Stakeholders

The program is funded by the Australian Government through DFAT, which is responsible for all decisions related to the Post-Doctoral Fellowship Program, in consultation with other partners.

Palladium is responsible for administering pilot activities, including logistical management, and the Host Institution will be responsible for the on-award management of the Awardees.

Both Home and Host Institutions are required to be members of the AAUN.
The AAUN will be responsible for the promotion of the pilot program to its members.

Note: The detailed roles and responsibilities of each stakeholder is outlined in Annex 1.
2. Overview

2.1 Summary

During the pilot phase, the Post-Doc Fellowship provides financial support for African academics affiliated to eligible Ghanaian, Kenyan and South African universities, who are engaged in research activity as described in these Guidelines. Fellowships will be up to two years in total, comprised of research components in Australia, Ghana, Kenya and South Africa but limited to a maximum of 12 months in Australia. The Australian component of this award will be fully funded by the Program.

2.2 Awardee Obligations

Awardees are responsible for reading and understanding the Post-Doc Fellowship Guidelines. They are responsible for providing complete, true and accurate information at all times including, but not limited to, the information provided in their Fellowship application as well as the visa application.

Awardees are responsible for their academic and personal conduct whilst on Award and for complying with their Grant Agreement (Annex 5), which must be signed to accept the Post-Doc offer.

While on Award, Awardees will be required to make themselves available to meet with Australia Awards personnel and to provide updates on the status of the Fellowship.

Three months after the completion of the in-Australia research activities of their Post-Doctoral Fellowship, Awardees will be required to submit a Progress Report, in a format determined by Australia Awards. Three months after the completion of the overall Post-Doctoral Fellowship, Awardees must submit a Final Report.

2.3 Financial Entitlements

The costs covered by the Post-Doctoral Fellowship are detailed in each Awardee’s contract. These include fees that are common for all Awardees and costs that may be applicable depending on individual fellowship conditions.

3. Fraud

DFAT takes all possible steps to ensure that Australian Government funds are used appropriately to deliver effective aid and development and treats all attempted, alleged, detected and suspected fraud seriously.

DFAT defines fraud as dishonestly obtaining a benefit, or causing a loss, by deception or other means. The following could constitute fraud in the context of the Australia Awards:

- false supporting documents in an application
- false information on forms
- not disclosing relevant information
- not disclosing a conflict of interest (e.g. a relationship with decision makers)
- deliberately claiming a benefit not entitled to (e.g. changing travel arrangements to include or extend a stopover, where this is not permitted under the policy)
- Plagiarism

DFAT has a ‘zero tolerance’ attitude towards any attempts to gain a benefit fraudulently from the Australian Government. DFAT has the right to vary or reverse any decision regarding an Australia Award made on the basis of incorrect or incomplete information.

Applicants that provide suspected fraudulent documents will be excluded from the selection process until the documents are verified. If fraud is confirmed, the applicant will be ineligible to apply for further Australia Awards.

Host Institutions must report immediately to Palladium via email when it detects or suspects that an Awardee has committed fraud.

Palladium must report immediately to when it detects or suspects that an Awardee has committed fraud.

- A record of high-level academic achievement and relevant work experience in the applicant's chosen field of study (30%)
- A well-defined study, research and/or professional development program (30%)

- A statement on how this Fellowships opportunity will benefit both Australia and Africa and the applicant's potential to foster ongoing collaboration and cooperation with their home and host country (20%)

5.2 Assessment

All applications submitted by the closing date are subject to eligibility checks. All eligible applications are shortlisted by Palladium, the managing contractor for Australia Awards – Africa using the eligibility criteria outlined in Section 2.4. The shortlisted applications will be assessed against the selection criteria outlined in Section 5.1. The selection panel's recommendations will be submitted to DFAT for consideration and approval by the Director, Pan Africa and Effectiveness Section, Africa Branch, DFAT.

The selection panel will comprise of three members - two independent panel members and a panel member from DFAT. Panel members will include eminent academics from Australia and targeted African countries. Applicants should note that the personal details of selection panel members are confidential and will not be released.

DFAT, Palladium staff and selection panel members are required to adhere to the requirements of identification, disclosure and management of conflicts of interest when assessing applications. Any conflicts of interest will be managed by a departmental probity officer in accordance with departmental policy.

The decisions by DFAT are final and unsuccessful applicants will not receive detailed explanations as to the reasons for the non-selection.

Note: Successful and unsuccessful applicants will receive an email regarding the outcome of their application in February 2018.

On acceptance of the Post-Doctoral Fellowship, Awardees will be required to sign a Grant Agreement. A copy of the Grant Agreement is provided in Annex 5.
5.3 Awardee Commitments

Awardees of a Post-Doc Fellowship will be required to meet with Australia Awards program staff during their Fellowship in Australia and will also be required to submit an Activity Report no later than three months after the completion of the in-Australia component and a final report due no later than three months after the completion of the Fellowship. The report must be submitted in the format provided by the program and must address statements in the initial application and all requirements set out by the template provided by Australia Awards.

In addition, Awardees will become Alumni of the Australia Awards program and will be asked to participate in Monitoring and Evaluation activities undertaken by the program, once in their home country and/or while on Award.

5.4 Institution Commitments

Both the Host Institution and the Home Institution will be required to sign an Australia Awards Collaborative Agreement, outlining the commitments by each institution for the duration of the Fellowship, as well as agreement to the terms and conditions set out in this document.
6. Awardees with disability

6.1 Support for people with disability

There are specific strategic goals for the Australian aid program that relate to people with disability and DFAT’s Development for All strategy aims to ensure that people with disability are included in and benefit equally from Australia’s development assistance.

This commitment is fully reflected in Australia Awards Post-Doctoral Fellowship program. DFAT strives to ensure accessibility for people with disability throughout the Fellowship process from application, through selection, the on-award experience, completion and alumni engagement.

DFAT’s aim is that all applicants and awardees with disability are properly supported to enable their participation in the Australia Awards on an equal basis with all other applicants and awardees.

6.2 Applicants with disability

People with disability who are otherwise eligible are encouraged to apply for an Australia Award.

DFAT strongly recommends that applicants with disability:

- disclose their disability when lodging an application
- communicate to Australia Awards any adjustments or assistance they will need in order to submit an application.

Australia Awards will ensure that applicants with disability are able to fully participate in the application and selection processes by providing reasonable adjustments and reasonable financial assistance to applicants with disability where this assistance is essential to facilitate their participation on an equal basis with other applicants.

All applicants for an Australia Awards, including people with disability, are required to meet the eligibility criteria set out in the guidelines.

DFAT will always work in good faith to provide access to the Australia Awards for people with disability. However, in some very rare cases, applicants may not be awarded a Fellowship if the disability support required to enable their participation would impose an unjustifiable burden on the Australia Awards program.

In order to ensure the success of applicants and awardees with disability, DFAT engages a technical adviser. This adviser assists DFAT and Host Institutions to assess support needs and identify practical solutions to enable the successful selection and mobilisation of applicants and awardees with disability.
Awardees with disability

Note: Additional principles for providing disability support are outlined in Annex 7
7. Awardee’s Family

Note: The Australian Government will not provide any financial or other support for the dependents of awardees while on a Fellowship.

Awardees are responsible, including financially responsible, for their family members who accompany them to Australia.

Awardees are not permitted to leave their dependent children who accompany them to Australia, under 18 years of age, on their own during any Awardee’s absence from Australia during their Fellowship without arranging a guardian to care for them.

Awardees who intend to bring family with them are strongly encouraged to come to Australia on their own for at least the first three months. This will allow the Awardee to become established in their Fellowship without the distraction of family responsibilities.

Awardees are responsible for making arrangements for accommodation, as well as schooling and child care for dependents. The Host Institution may be able to provide information but are not responsible for making arrangements on the Awardee’s behalf.

Awardees should contact the Department of Immigration and Border Protection for information about current visa requirements for accompanying family. Visit www.border.gov.au for details.

Awardees are responsible for the visa application, including all costs associated with the visa requirements for their dependents. Host Institutions can provide relevant documentation requested by the Department of Immigration and Border Protection to ensure visas for accompanying family are arranged in an efficient and timely manner.
8. Visas

8.1 Visa Requirements for Awardees

Awardees need to have a Temporary Activity Visa (subclass 408) visa to travel to and undertake their research in Australia.

To be granted a visa, Awardees will need to meet the Department of Immigration and Border Protection’s financial, health and character requirements and demonstrate that their intention to stay in Australia only temporarily is genuine.

The Department of Immigration and Border Protection advises that in some circumstances applications may take up to three months to process if further medical or character assessments are required.

Awardees must ensure they have a valid passport and visa for the whole time that they are in Australia.

Awardees must apply for their visa as soon as possible after accepting the Fellowship (Palladium will assist the Awardee with the submission of the Awardee’s visa application).

8.2 Visa Requirements for accompanying dependent family members

Awardees must declare all dependent family members on their visa application, even if the family members do not plan to join the Awardee in Australia.

An Awardee’s accompanying dependent family members must have a Subclass 408 visa in order to travel to and remain in Australia for the duration of the Awardee’s Fellowship.

Note: Awardees are responsible for the visa application, including all costs associated with the visa requirements for their dependents

8.3 Visa requirements for Awardees with disability

Awardees with disability need to have a Subclass 408 visa to travel to Australia.

To be granted a visa, awardees with disability may need to provide additional information to the Department of Immigration and Border Protection beyond the standard requirements for a visa application.

All parties should be aware that the Department of Immigration and Border Protection may take a longer period of time to assess visa applications for awardees with disability.

Australia Awards are required to directly assist awardees with disability with their visa applications in order to ensure that the Department of Immigration and Border Protection in-country receives all the information they require to make a determination in a timely manner.

8.5 Visa obligations

Australia Awards Fellowship Awardees sign a contract between themselves and the Commonwealth of Australia to comply with the conditions and benefits of the Fellowship. A condition of their Fellowship is that they will leave Australia for two years on its completion or termination. To support this objective, Australian migration legislation has a number of
provisions which combine to ensure that a visa applicant will return home at the completion of their Fellowship for a period of two years. In exceptional circumstances (e.g. presentation at a conference), return to Australia within the two year exclusion period may be permissible. The Department of Immigration and Border Protection will require approval from the Department of Foreign Affairs and Trade before another visa will be issued.

Awardees who hold a Subclass 408 visa must uphold the visa conditions while in Australia or the visa may be cancelled and the Fellowship terminated.

Awardees are required to leave Australia and return to their home country within 30 days of their Fellowship end date, or before their visa expires, whichever comes first. Awardees who do not adhere to this requirement will be no longer supported by DFAT after their Fellowship end date.

Awardees should note that in many cases the Fellowship conditions overlap with visa conditions. Breaching the visa conditions, (e.g. working more than the allowed number of hours) may result in cancellation of their visa and termination of their Fellowship. Similarly, if an Awardee breaches the conditions of their Fellowship, DFAT may withdraw its support for their visa.

When an Awardee does not uphold the conditions of their visa, DFAT will advise the Awardee that their Fellowship is to be terminated and will also notify the Department of Immigration and Border Protection that DFAT has withdrawn its support for the visa.
9. Variations to Fellowship

The terms of the Australia Awards Fellowship, and engagement with the Host Institution, are agreed to by the Awardee by signing the letter of offer and contract with the Commonwealth of Australia.

Variations to the Awardee’s terms which affect the basis on which the Fellowship was granted (e.g. change to field of study), will only be considered if it is the only option available to enable the Awardee to successfully complete their Fellowships.

Note: All variations must be approved by DFAT

9.1 Withdrawals

An Awardee may withdraw from their study program and forfeit their Australia Awards Fellowship before or after their arrival in Australia. An Awardee that wishes to withdraw from their Fellowship must provide this advice in writing to:

- Palladium, if the Awardee has not departed for Australia
- The Host Institution if the Awardee is in Australia.

If an Awardee withdraws from their Fellowship after their arrival in Australia, they must return to their home country immediately. If the Awardee does not return home, they will incur a debt to the Commonwealth for the Fellowship costs.

9.2 Extensions

An extension is defined as any increase to the length of a Fellowship as outlined in the contract between the Awardee and the Commonwealth of Australia.

Note: No extensions will be considered under the Post-Doctoral Fellowship program.

9.3 Suspensions

A Fellowship may be suspended if deemed necessary (e.g. for health reasons, or family reasons). A Fellowship may be suspended more than once, but the total period of all suspensions must not exceed 12 months.

If a suspension is approved, no contribution to living expenses or other fees or entitlements will be paid for the period of suspension. The OSVC must be suspended for this period as well. DFAT will fund the Awardee’s return trip airfare. The Awardee is responsible for their dependents’ airfares.

If a suspension of the Fellowship is approved, the Awardee must:

- return to their home country (with their family if accompanied) for the period of the suspension
- remain in contact with Australia Awards during the period of the suspension
• seek the prior approval of DFAT and the Host Institution before returning to Australia at the end of the suspension period
• contact the Host Institution at least two months before they intend returning to Australia, to agree upon their Fellowship recommencement date
• contact the Department of Immigration and Border Protection for information about visa requirements.

If a suspension is granted on medical grounds, the Awardee will be required to undergo a medical examination to see if they are fit to travel and to resume full-time in Australia. This examination will be at the Awardee’s expense. A suspension will not be granted for an Awardee to undergo and/or recover from elective surgery.

9.4 Transfers

A transfer to another institution is subject to DFAT approval. Transfers will only be considered where there is no alternative option available.

The institutional transfer must not result in an extension of time to the Fellowship and only one transfer request may be approved per Awardee.

An institutional transfer is used if the Awardee is transferring (at the same level) to a different institution.

The only acceptable reason for a transfer will be the movement of an academic supervisor (Research Awardees) to another institution.

If an institutional transfer is approved, the Awardee must meet any costs associated with the transfer (e.g. costs of relocating).

DFAT may approve a transfer only if:
• the transfer institution is an institution contracted with DFAT and is a member of the AAUN
• it will not result in an extension of time to the Fellowship
• the Awardee is likely to successfully complete the Fellowship.

9.5 Reductions

A variation to reduce the length of a Fellowship may be required for a number of reasons:
• an Awardee completes his/her research ahead of time
• conditions of the Fellowship not being met

DFAT will advise the Department of Immigration and Border Protection that it is withdrawing support for the Awardee’s visa 30 days after the end date of the Awardee’s Australia Awards Fellowship.

9.6 Terminations

DFAT will terminate a Fellowship where an Awardee:
• does not make successful academic progress and remedial strategies have not been successful
• has infringed or failed to meet the conditions of the Fellowship
• is excluded by the Host Institution because of misconduct (as defined by the Host Institution)
• is unable to continue a program due to serious illness or incapacity for medical/mental health reasons, and the Awardee does not voluntarily withdraw
• conducts themselves in a manner which is considered to have transgressed acceptable Australian community standards
• applies for a different visa other than a Subclass 408 visa
• is found to have committed an act of fraud
• is found guilty of a crime.

DFAT reserves the right to terminate a Fellowship without a supporting recommendation from the Host Institution where, in DFAT’s view, the continued funding of the Awardee would be an inappropriate use of Australian Government funds.

The Awardee will receive a letter of intent to terminate from DFAT advising:
• of the recommendation for their Fellowship to be terminated
• that the Awardee has 14 days from the date of the letter to provide a statement detailing the reasons why the Fellowship should not be terminated
• that if DFAT proceeds with the termination, the Awardee will no longer be eligible to hold a Subclass 408 visa.

If an Awardee does not appeal the termination, their Fellowship will be terminated

If the Awardee appeals, DFAT may:
• reject the appeal, in which case DFAT’s decision is final
• accept the appeal, in which case the Awardee may continue with the Fellowship, but must liaise with the Host Institution in relation to meeting any conditions advised by DFAT.

Awardees should be aware that once terminated, they will no longer be eligible to hold a Subclass 408 visa. If Awardees do not depart Australia within 14 days they will incur a debt to the Commonwealth for the total accrued cost of their Fellowship. They may also have their visa cancelled by the Department of Immigration and Border Protection and may be excluded from applying for a further Australian visa for a set period of time. The Department of Immigration and Border Protection considers an individual’s immigration history and any debts to the Commonwealth when making decisions on visa applications.

Annex 3: Award Entitlements

Establishment allowance
Awardees are provided with a once-only establishment allowance of A$2,000 on arrival in Australia.

The allowance is a contribution toward expenses such as rental bonds, additional medical insurance and home contents insurance. It is paid in a lump sum for Awardees to use at their discretion.

Awardees should come prepared with funds (in Australian dollars) to ensure they have enough money to cover any costs that may be incurred before they receive their establishment allowance.

Palladium will pay the full establishment allowance into a bank account nominated by the Awardee.

Contribution to living expenses
A contribution to living expenses is paid to Awardees to help them meet everyday living costs such as accommodation, transport, food and entertainment. The contribution to living expenses is set at a rate of A$3,000 per month. This is in line with amount paid to other Australia Awards Awardees on the Endeavour Research Fellowship.

Entitlement to the contribution to living expenses commences on the Awardee’s date of arrival in Australia.

The contribution to living expenses ends five days after the completion or termination of the Fellowship.

Contribution to living expenses payments continue:
- during public holidays
- for up to six weeks if an Awardee is medically unfit to continue the Fellowship, hospitalised or detained.

Contribution to living expenses payments will not be made:
- during periods of Fellowship suspension
- where an Awardee is detained for more than six weeks.

Awardees are responsible for all their expenses in Australia including those of any family members. The contribution to living expenses is currently tax exempt. Awardees should visit the Australian Taxation Office website at www.ato.gov.au for information on Australian tax laws.

Awardees must notify Palladium immediately if there is an overpayment of the contribution to living payments. In this case the Awardee must make arrangements to repay the overpayment amount to Palladium immediately. Failure to do so will be considered as an act of fraud.

Palladium:
- pay the contribution to living expenses monthly, in arrears, into an Australian bank account nominated by the Awardee
- make the first payment on the first available pay day of Palladium’s payment period after the Awardee’s arrival
• make subsequent payments fortnightly in accordance with Palladium's monthly payment periods
• advise all Awardees of the need to obtain a tax file number for banking purposes

Overseas Visitors Health Cover

Awardees are required to have health insurance, known as Overseas Visitors Health Cover (OVHC). It is a mandatory condition of all subclass 408 visas that the holder maintains this insurance for the duration of their stay in Australia. Entitlement to Overseas Visitors Health Cover commences on the date of arrival in Australia and ceases on the day an Awardee departs from Australia at the end of the Fellowship.

Overseas Visitors Health Cover does not cover pre-existing conditions or services such as dental, physiotherapy or optical services (known as ancillary services). A waiting period may apply to some services including those related to pregnancy. Awardees may purchase ancillary cover at their own expense.

Awardees are responsible for any costs that are not covered by Overseas Visitors Health Cover.

The Awardee will purchase Overseas Visitors Health Cover as part of their Visa Application Process. If an Awardee chooses to purchase cover from a provider other than the Host Institution’s preferred provider, it will be at the Awardee’s own expense and the Awardee must inform the Host Institution of the change, including providing evidence of the new policy.

Awardees are responsible for making and managing any claims under their Overseas Visitors Health Cover.

When an Awardee is on suspension they will suspend the Overseas Visitors Health Cover for the suspension period, and reactivate the policy upon their return to studies. When an Awardee completes their Fellowship early, they must return the remaining Overseas Visitors Health Cover premium to DFAT. The Awardee is not permitted to claim the refund. If the Awardee does so it will be considered as an act of fraud against the Commonwealth of Australia. The fraud will be investigated and may result in a termination of the Awardee’s Fellowship and possible criminal charges.

Awardees must purchase cover for all family members accompanying them in Australia. It is a requirement of the Subclass 408 Visa that dependents have cover for the duration of their stay in Australia. Awardees are responsible for organising and paying for this and any other medical expenses for all family members while they are in Australia.

If an Awardee is accompanied by their family member in Australia, the Awardee may either:

- request advice from the Host Institution on how to arrange family cover for the duration of the Fellowship from the Host Institution’s preferred Overseas Visitors Health Cover provider. In this case, Palladium will only pay for the equivalent of single cover, and the Awardee will pay the balance, or
- purchase family cover from a provider other than the Host Institution’s preferred provider. In this case Palladium will only pay for the single Overseas Visitors Health Cover for the Awardee for the duration of their stay in Australia. The Awardee will be responsible for the entire cost of the family cover.

Research Costs
Awardees will be provided with a small allowance to purchase any small consumables or items they may require to undertake their research work. A maximum of A$1,000 will be made available to Awardees.

Visa costs
DFAT will cover the visa processing costs and the initial medical examination(s) and biometrics collection undertaken in the Awardee’s home country to enable the visa to be issued. DFAT will not pay the costs of any additional medical examinations. This includes where an examination is required for re-entry into Australia following a Fellowship suspension, or an extension of the Fellowship requiring a new visa or passport renewal.

Travel
The airfare for Awardees to travel to Australia is booked by Palladium and paid for by DFAT.

The following conditions apply to all travel (i.e. to Australia at the commencement of the Fellowship, from Australia upon completion of the Fellowship):

• Awardees are entitled to travel (i.e. airfares) between the regional or international airport closest to their home city or town, and the airport closest to the Host Institution where they will be attending.
• with prior approval, DFAT may also cover the cost of travel (using public transport) between the airport and the Awardee’s place of residence, either in Australia, or in the Awardee’s home country, where the distance is greater than 250km.
• Awardees are to travel by the most direct route and are entitled to the “best fare of the day” which is the cheapest economy class fare available during the period of travel.
• Palladium must advise the Awardee and the travel agent that once the ticket is purchased it cannot be varied without the approval of the DFAT.
• Palladium should arrange travel routes that minimise the risk of the Awardee incurring visa problems in third countries while in transit or on stopover.
• unless unavoidable, stopovers are not permitted. If unavoidable, DFAT will pay reasonable accommodation costs (including transport to and from the airport and accommodation only) that have been pre-approved, though it should be checked first whether these costs are covered by the airline.
• the Awardee is responsible for all external arrival and departure taxes, except where it is part of an unavoidable stopover, in which case, the taxes should be incorporated into the price of the ticket at the time of purchase.
• Awardees will not be permitted to deviate from these conditions in order to travel with dependents or family members.
• If Awardees have not elected to be met by the Host Institution on arrival, they must contact the Host Institution to advise them of their arrival in Australia.

• If dependents are mobilising after the Awardee, DFAT will issue a no objection letter for the dependents so they may apply for a visa to accompany the Awardee in Australia. (Provided the Awardee is able to demonstrate compliance with the requirements of family members accompanying to Australia).

The Fellowship does not cover costs for:

• travel insurance while the Awardee is travelling to and from Australia or while studying in Australia (including for loss of possessions)

• travel of Awardees’ dependents or family members

• fees, additional taxes or fare differences related to changing travel dates or missing flights

• transporting personal effects or excess baggage to and from Australia, or within Australia
Annex 4: Letters of Support

DFAT and Host Institutions should provide reasonable adjustment to allow Awardees with disability to participate in Australia Awards on an equal basis.

The support needs of each Awardee with disability will be different, as will the nature of the reasonable adjustments that are necessary and appropriate. The needs of each Awardee with disability should be assessed on a case-by-case basis well before they are mobilised to begin their Fellowship in Australia.

As not all support needs will be evident before the mobilisation of Awardees with disability, DFAT is flexible in the provision of reasonable adjustments and will reassess support needs if required after an Awardee has commenced their Fellowship.

Standard Fellowship entitlements, for which all Awardees are eligible (such as contribution to living expenses) should not be used to fund disability support. Additional funds for disability support will be allocated on a needs basis following a disability assessment.

Australian institutions are experienced in providing disability support. The earlier Host Institutions are involved in preparations for mobilisation, the more likely it is that an Awardee with disability will be able to participate on an equal basis with other Awardees.

While DFAT respects every Awardee’s right to privacy, Awardees with disability are encouraged to fully disclose their support needs as early as possible. Awardees are the best source of information on what support they need to live, study and travel, what has worked for them in the past and what support they anticipate they will need in Australia. The capacity to provide reasonable adjustments is limited by an Awardee’s willingness to engage in a disability assessment and disclose their needs and expectations.

Assessing disability support needs

Reasonable adjustments for Awardees with disability, will only be provided by both DFAT or Host Institutions, after a full and thorough disability assessment of each Awardee. This ensures that the support provided is both necessary and appropriate.

A disability assessment is the process through which an Awardee with disability, Australia Awards and the relevant Host Institution assesses and discusses the Awardee’s support needs and what reasonable adjustments will be required. A disability assessment will involve discussions and assessment forms and should clarify the required level of support for pre-departure, during travel and for living and studying in Australia.

Disability assessments should begin before mobilisation and may continue after Awardees have arrived in Australia as this enables DFAT and Host Institutions to provide effective and efficient reasonable adjustments and gives Awardees the greatest chance of successfully completing their Australia Awards Fellowship. However, additional disability assessments can be conducted after an Awardee arrives in Australia.

If a disability assessment identifies that an Awardee requires additional financial support from DFAT, this support will be formalised in a Disability Support Agreement. This agreement will detail all additional financial support to be provided by DFAT. This agreement acts as an addendum to an Awardee’s Fellowship contract and does not change any of the obligations in the Fellowship contract.
Awardees with disability will:

- work closely with Australia Awards and Host Institutions to complete a disability assessment and a disability support agreement (if required).
- note that the process of conducting a disability assessment will require DFAT to share information about an Awardee’s disability and support needs with the relevant Host Institution and relevant disability service providers. This information is bound by Australian privacy laws and will be disclosed only for the purpose of facilitating equal access to education for Awardees with disability.
- provide a full medical report (no more than two years old and in English) that establishes the nature of the disability and fully discloses to DFAT and the Host institution all pre-existing medical conditions. This is a requirement to assess the need for reasonable adjustments and to ensure Awardees with disability have adequate Overseas Visitors Health Cover.
- understand that disability assessments may take considerable time and that their cooperation is essential to the efficient and effective implementation of reasonable adjustments.
- work closely with a disability technical adviser engaged by DFAT to provide expertise on the support of Awardees with disability.
- understand that in some cases DFAT will be required to defer Awardees with disability to a later Fellowship start date in order to ensure that all necessary and appropriate reasonable adjustments can be put in place.

Reasonable adjustments

The Disability Discrimination Act 1992 requires education to be provided in a non-discriminatory way to all Australia Awards Awardees in Australia (regardless of nationality). The Disability Standards for Education 2005 require reasonable adjustments to be made to enable this non-discriminatory participation.

Reasonable adjustments are measures which an education provider is required to make to ensure Awardees with a disability can meet the academic standards of their course of study and participate on the same basis as Awardees without a disability. Reasonable adjustments might include changes to the way a person enrolls in a course, alterations to the physical environment and other facilities, and changes to the way training is delivered and skills are assessed.

Neither the Act nor the Standards require reasonable adjustments to be made if this would impose an unjustifiable hardship on a person or organisation (all factors are taken into account, including impact on the Awardee, or Host Institution, etc.).

Awardees must be aware that, while Host Institutions are obliged to make reasonable adjustments to allow Awardees with disability to participate on a level playing field with other Awardees, there is a limit to this obligation. For example, if an Awardee requires course materials in an accessible format, Host Institutions will provide alternative or accessible formats to enable participation. However, this does not necessarily mean that Host Institutions have to provide materials in an Awardee’s preferred format.
Responsibilities for Reasonable Adjustments

Host Institutions have an obligation to provide Awardees with reasonable adjustments to support their academic endeavours. DFAT provides non-academic reasonable adjustments.

Host Institutions are required to consult with Awardees with disability about their support and access needs to determine what reasonable adjustments are appropriate and necessary.

DFAT provides non-academic reasonable adjustments and support for Awardees with disability as required. Non-academic reasonable adjustments will be based on the needs identified by DFAT through an Awardee’s disability assessment.
